

Job Title: Project Manager – Network & Network Security

Company: Ray Secure Innovation Pvt. Ltd.

Experience Required: 4 to 5 Years

Location: Ahmedabad – Gujarat India

Employment Type: Full-Time

Job Summary:

We are seeking a dynamic and experienced Project Manager with 4–5 years of experience in managing network and network security projects. The ideal candidate will have hands-on experience with wireless networking, network switches, and SD-WAN technologies, and will be responsible for delivering secure, scalable, and high-performance network solutions.

Travel Requirements:

- **Willingness to travel up to 50–60% of the time based on project needs.**
 - **Travel may include on-site client visits, Implementation, infrastructure assessments, and vendor coordination across multiple locations.**
 - **Must be able to manage remote and on-site teams effectively.**
-

Key Responsibilities:

- Lead and manage end-to-end network and security infrastructure projects.
- Plan and execute deployments involving Wireless networks, LAN/WAN, and SD-WAN solutions.
- Coordinate with cross-functional teams and vendors to ensure timely delivery.
- Monitor project progress, manage risks, and ensure compliance with security standards.
- Oversee configuration and optimization of network switches and wireless access points.
- Ensure secure integration of SD-WAN technologies into existing infrastructure.
- Conduct regular audits and performance assessments of network systems.
- Maintain documentation and ensure adherence to changing management processes.

Required Skills & Qualifications:

- Bachelor's degree in computer science, IT, or related field.
- 4–5 years of experience in network and security project management.
- Strong knowledge of:
 - Wireless Networking (802.11 standards, access point deployment, wireless controllers)
 - Network Switches (Layer 2/3 switching, VLANs, STP, QoS)
 - SD-WAN (design, deployment, and management)
 - Firewalls, VPNs, IDS/IPS, and network monitoring tools.
 - Familiarity with Cisco, Fortinet, Palo Alto, Aruba, or similar technologies.
 - PMP or equivalent certification preferred.
 - Experience with Agile or hybrid project methodologies.

Preferred Attributes:

- Strong leadership and communication skills.
- Ability to manage multiple projects in a fast-paced environment.
- Analytical mindset with a focus on problem-solving and innovation.
